▊▎Product Data Sheet
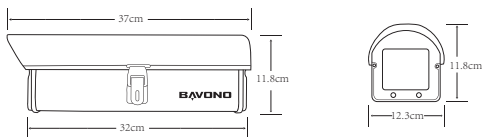

BAVONO BVO968
Camera Housing with Temperature Control

Product Features

◆ Anti-corrosion housing made of aluminium alloy extrusions with powder coating.

◆ Aesthetic design, easy to install and repair.

◆ Premium outdoor camera housing featuring dust resistance, ventilation, cooling and heating functions.

◆ Openings for cables and screws for installation at base of housing.

◆ 3 channel DC 12V power output to supply power for devices including box cameras and IR illuminators, providing convenience and cost-savings.

Dimensions

Specifications

Model	BAVONO BVO968
Power Input	AC 24V ±10%, 50/60Hz
	DC 12V ±5%, 50/60Hz
Power Output	3 Channel DC 12V
Heater Power	≤ 25W
Fan Power	≤ 2.4W
Material	Aluminium Alloy
Window Dimensions (mm)	75(W) X 66(H)
Auto Temperature Control	Heater: ON at <5°C; OFF at >8°C
	Fan: ON at >45°C; OFF at <35°C
Protection Rating	IP66
Cable Openings	2 x sealed openings at base (8mm max. cable dia.)
Dimensions (mm)	370(L) X 123(W) X 118(H)
Gross Weight (g)	1123
